The 1400 institutional members of AAC&U include accredited public and private colleges, community colleges, research universities, and comprehensive universities of every type and size.

WHAT THEY DO

AN AAC&U SIGNATURE INITIATIVE: MAKING EXCELLENCE INCLUSIVE

This initiative is designed to help colleges and universities integrate diversity, equity, and educational quality into their missions and institutional operations. AAC&U endeavors to develop “equity-minded practitioners” willing to engage in the necessary, and sometimes difficult, conversations and decision-making that can lead to transformational change for student learning and achievement.

Diversity: Individual differences (e.g., personality, prior knowledge, and life experiences) and group/social differences (e.g. race/ethnicity, class, gender, sexual orientation, country of origin, and ability as well cultural, political, religious, or other affiliations).

Inclusion: The active, intentional, and ongoing engagement with diversity...in ways that increase awareness, content knowledge, cognitive sophistication, and empathic understanding of the complex ways individuals interact within systems and institutions.

Equity: The creation of opportunities for historically underrepresented populations to have equal access to and participate in educational programs that are capable of closing the achievement gaps in student success and completion.
